**Excisions:** Excisions Recommended And Made.

**Reasons for excisions:**

One excision to the feature is required to remove a sequence that tends to support the use of coercion or violence to compel any person to participate in, or submit to, sexual conduct. The sequence encourages the viewer to be titillated or amused by sexual violence. It also tends to support the suggestion that women may find sexual violence arousing.

The distributor agreed to the excision and, in compliance with this, submitted another version of the DVD. In this version the recommended excision has been made to the satisfaction of the Classification Office. While re-authoring the DVD, all of the extra components were removed, although they still remain on the menu.
